SUMMARY

Creative Designer specializing in UI/UX design, graphic design, and front-end web development, passionate about blending technology and art to create meaningful digital experiences. I design user-centered web and mobile interfaces while producing impactful visuals for marketing, sports graphics, and advertising. With experience in both design and development, I build modern, responsive interfaces that balance aesthetics, usability, and functionality.

Core Skills

UI/UX Design: Web & Mobile Interface Design, Wireframing, Prototyping, User-Centered Design
Graphic Design: Sports Graphics, Advertising & Marketing Materials, Social Media Visuals
Web Design & Development: Responsive Web Design, Front-End Development, Modern UI Layouts

Tools & Technologies
Figma • Adobe Photoshop • Canva • Affinity Designer | HTML • CSS • Tailwind CSS • JavaScript • React (Vite)

Professional Experience

Web & UI Designer — Coldstart Philippines (Client Project)

- Designed and developed a modern informational website showcasing the company's services and brand story.
- Created a clean and user-friendly interface to improve how customers understand their offerings.
- Strengthened the company's online presence through a responsive and professionally designed website.

Web Designer & Developer — Wondrous Massage (Client Project)

- Designed and built a modern website with animations and integrated booking system.
- Centralized client bookings and inquiries, reducing missed messages from social media.
- Created a digital platform that helps the business promote services and manage client connections efficiently.
